

## Handling fee 2025

The handling fee is the fee per can and bottle, in addition to the deposit, that the store gets as a compensation for receiving packages that are part of the deposit system. The fee is meant to cover the store's costs for handling the deposit (service of reverse vending machine, customer service, work, facility, materials). 25% VAT will be added to the payments.

*Compressing RVM, pickup with compact truck (Bulk):*

	Handling fee (excl VAT)	Deposit SEK/pcs ≤ 3,5 % alcohol (excl VAT)	Deposit SEK/pcs > 3,5 % alcohol (excl VAT)
